PLEASE NOTE:

Production runs for TRIM are never the same as FIELD TILE. While every effort is made to try to ensure shades within an acceptable range, some allowance must be made for shade/tone match.

We go to great lengths to make trim available FOR OUR FIELD TILE. If/when we are able, we will accommodate your request, but we reserve the right to politely decline supplying our trim for use with other FIELD TILES.

We recommend the NATURE trim for the DART!

Dart Bone and Dart Greige

WALL Wall Tile

WALL TILES are typically produced from a White Clay (Pasta Bianca), and are Low Fired resulting in a softer clay body with a more subtle, but delicate glaze surface. While perfectly suited for WALL APPLICATION, wall tiles are not suitable, or recommended for, FLOOR APPLICATION.
