GENESIS is made of 100% Post Industrial ReCycled Glass!

GENESIS is an ARTISAN Glass. Shade variation from piece to piece is inherent and characteristic of the glass.

Pinholes that might occur during the manufacturing process and irregularity in size, surface, edges and corners are typical and not considered a defect. A minimum 2mm (1/12") joint is recommended!

Installing Glass Tile involves some basic procedures that differ from installing ceramic or natural stone tile. Following these procedures will prevent simple mistakes that could result in the failure of the installation. Please contact supplier for Installation Specification Sheets.
