Ice 24 x 24 Polished

****Important Note!***

New generation POLISHED porcelains, like the beautiful VERSILIA, should be SEALED after installation (preferably BEFORE grouting!) The POLISHING process opens “micro-pores” that may possibly become a stain issue.
A good Silicon sealer will minimize this problem.

Also, remember the VERSILIA, like any POLISHED PORCELAIN is more prone to scratch/abrasion than the MATT PORCELAIN counterpart!
